

Equine Myofunctional Therapy Certificate

MONTHLY MELBOURNE WESTERN SUBURBS MARCH 2012

The horse is to be regarded as an athlete. The musculotendinous system is the horse's system of movement. When this system is impaired, movement is compromised. Equine Myofunctional Therapy addresses this system to repair or maintain movement, health and performance in the horse. This modality is for the benefit of all horses including the highest performing sport horse.
